Address: Belagavi, Karnataka, India Pin: 591309

Objective

Motivated MCA student skilled in full-stack development using JavaScript, REST APIs, and modern web technologies. Built responsive applications and interactive dashboards, collaborating in Agile teams. Seeking an entry-level role delivering secure, scalable, high-performance solutions.

Education

Master of Computer Applications (MCA)	2024 - 2026
Jain College of Engineering (JCE), Belagavi	Percentage: 85.5%
Bachelor of Computer Applications (BCA)	2021 - 2024
SNJPSNMS Trust's BCA College, Nidasoshi	Percentage: 78.33%

Technical Skills

Web Development: HTML, CSS, JavaScript, React.js, Node.js, Express.js, REST APIs, JSON

Data & Analytics: Python (Pandas, Matplotlib), SQL, Power BI, Advanced Excel

Databases: MySQL, MongoDB

Tools & Version Control: Git & GitHub, VS Code, basic Linux/command-line

Core Competencies: Analytical Thinking, Troubleshooting, Data Validation, Communication

Projects

- Personal Finance Dashboard | [Link](#) MERN Stack
 - Built a personal finance dashboard to track expenses, savings, and budgeting activities.
 - Visualized transaction details and financial insights using charts and analytics.
 - Iteratively developed and debugged features following Agile principles, applying data-driven analysis to help users identify spending patterns
- Online Library Management System | [Link](#) MERN Stack, Tailwind CSS
 - Built a full-stack web application for managing books and library operations.
 - Developed REST APIs for book issue/return, student management, and fine tracking.
- Supply Chain Analysis dashboard Power BI, Python, MySQL
 - Developed a supply chain analysis dashboard using Power BI, Python, and SQL.
 - Integrated the dashboard with a MySQL backend and third-party data sources, building interactive reports to support business decision-making.

Experience

Data Analytics Intern	Feb 2026 — Apr 2026
Excerpt Technologies Pvt. Ltd., Bangalore	

- Built dashboards using Power BI and SQL for data analysis and reporting.
- Used Python (Pandas, Matplotlib) to process and visualize datasets.
- Designed, developed, and maintained an end-to-end GUI-based desktop application (Tkinter) integrated with SQL and Power BI for interactive data insights.

Certifications

Gen AI Powered Data Analytics Job Simulation — Forage — May 2026
